GraphOn Inks ISV Agreement with Altisys in France
GO-Global Instantly Web-enables Altisys Credit and Collection Applications

SANTA CRUZ, CA, USA – March 17, 2008 – GraphOn Corporation (OTCBB: GOJO.OB), a leading worldwide developer of application publishing and Web-enabling software solutions, announced today that it has signed a partnership agreement with Altisys, an independent software vendor (ISV) headquartered in Rambouillet, France. Under terms of the ISV agreement, Altisys will resell GraphOn’s GO-Global for Windows software to Web-enable its portfolio of Windows-based credit and collection management applications.

“We’ve been searching for a way to quickly ‘webify’ our cash collection software as a cost-effective alternative to Citrix and Windows Terminal Server,” said Frédéric Boisseau, Altisys Executive Manager. “With GO-Global’s Web-enabling solution, our customers can instantly access Altisys applications from anywhere using any Web browser under Windows, UNIX, Linux, or Mac OSX – or mobile devices running Windows Mobile or Pocket PC. Unlike other alternatives, we retain 100% of our applications’ features and branding.”

GO-Global is a fast, simple, and affordable remote application delivery solution that provides instant Web-enabled access to centrally-running applications from any platform and operating system. GO-Global eliminates the need to modify applications for the Web or deploy complex infrastructure such as Microsoft Windows Terminal Server or Citrix.

“We’re pleased to announce this ISV agreement,” said Tom Castanzo, GraphOn’s Business Development Director for EMEA. “Using our advanced server-centric technology, patented RXP protocol, and near-zero-footprint thin clients, Altisys has been able to eliminate the time, money and effort normally required to rewrite existing applications for the Web.

About Altisys

Headquartered in Rambouillet, a suburb of Paris, Altisys is a leading French ISV providing credit and collection management software solutions throughout France and Europe. For further information, call 33(0).134.573.700 or visit www.altisys.fr
